Rajat Bansal is a co-founder of Elevate Interiors, a renowned interior design firm based in Hyderabad. Before transitioning into interior design, Rajat had a successful career in the IT industry, where he thrived in stability and financial security.

However, his true passion lay in interior design, which led him to join his wife Sonia Singla's venture in 2023. This career shift allowed him to combine his structured mindset with the firm's creative vision, transforming ordinary spaces into extraordinary living experiences.

Rajat's journey into interior design was driven by a desire to create spaces that reflect personality and warmth. His approach emphasizes understanding clients' lifestyles, balancing quality and cost, and staying ahead of industry trends. His latest project, "The Royal Retreat," showcases his ability to blend luxury with comfort, creating timeless and practical spaces.

Rajat's unique design approach involves a deep understanding of client needs, using visual aids like 3D renderings and mood boards to enhance concepts. His USP lies in merging modern aesthetics with traditional elements, creating spaces that are both elegant and functional.
